PROGRAM:

The Cape May City Elementary School is a thriving learning environment within a community abundant with local resources to enrich the educational opportunities for preschool to sixth grade students. The school offers students “the best of both worlds.” The size of the school allows the staff to know all the students and their families and to provide educational programs that address and implement the 21st Century Skills.

The CMCES provides enrichment and support in Technology Education, Visual & Performing Arts, Comprehensive Physical Education/Health, World Languages, Basic Skills, Gifted & Talented, Vocal & Instrumental Music, Child Study Team Services, Library/Media, Anti-Bullying Programs, and Before/After-school Child Care and Clubs. The District is a one-school district. The Cape May City Elementary School is small, but unique whose Mission Statement reads: **To teach and achieve excellence in the Common Core State Standards for Preschool-6 in partnership with family and community.**
